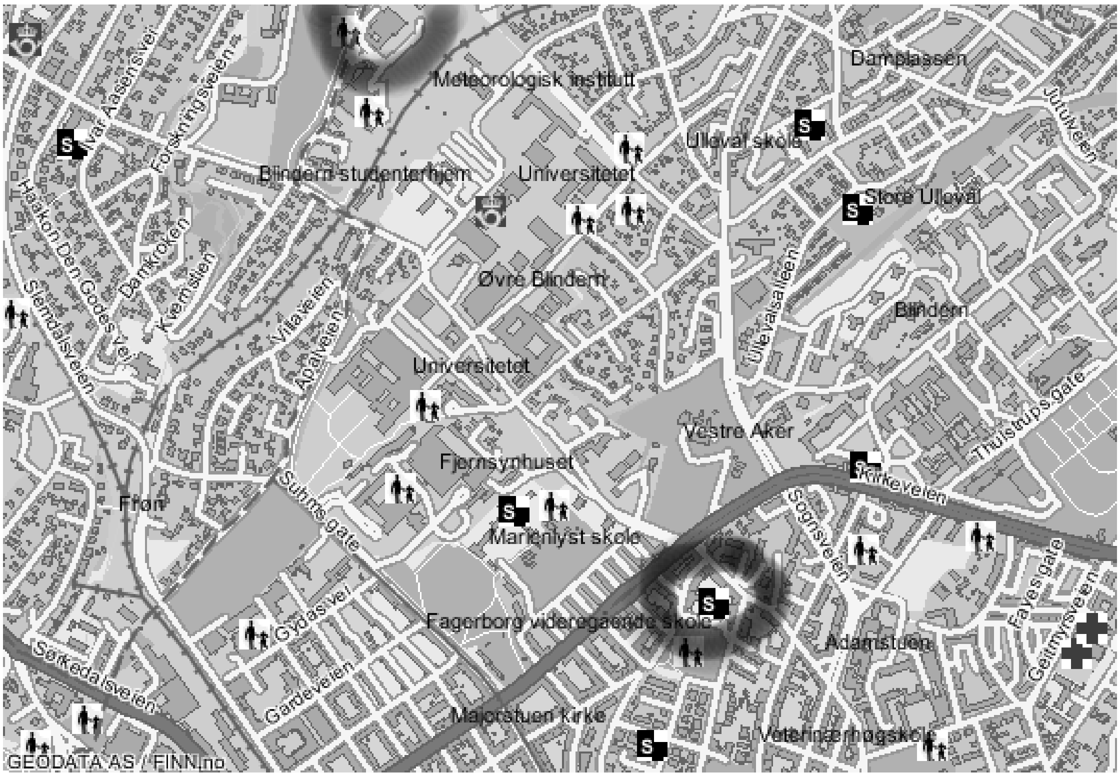
If you get into trouble of any kind or gets lost or have any questions you need help, call Morten Kjelkenes. You can call him 24 hours a day.

The black spot near the top is where debcamp and debconf will take place, the large black ring a little down of the center is the gym hall.



The street address for the university is:

Institutt for Informatikk
Gaustadaleen 23

The street address for the gym hall is:

Fagerborg videregående skole
Pilestredet 109

Practical stuff:

The gym hall is for sleeping and resting in, not for hacking, partying, socializing or similar things. People who go to the gym are expecting to be able to rest.
Please keep the area around the gym hall clean and tidy, there is a designated area for smoking with a place to throw your cigarette butts. Please use that.

In thedepartment of informatics, the restrooms are at the base floor, to the right when you enter the building. Also, please try to keep the hacking rooms clean and tidy.

We have a food-ticket system where you have to write your name on the back of the ticket and leave them by the information desk before 1500 the day before you want food. So, if you want food for Wednesday you have to turn in the tickets by 1500 on Tuesday. If you confirmed your food too late, you need to buy food tickets at the information desk for 30 NOK per meal.

Weather forecast is available on http://www.met.no/, a quick translation

- "formiddag" is before noon
- "ettermiddag" is after noon
- "natt" is night

Food will be served three times a day, breakfast is between 0900 and 1000, lunch 1300-1400 and dinner is 1800-1900. Those times are for debcamp, they will be different during debconf, where they will be according to the schedule.

A huge thanks goes out to all our sponsors and those who have helped make Debcamp and Debconf a reality. HP, Lindows, NUUG, O'Reilly, Trolltech, Linpro, IBM and USIT are our sponsors.
